COMMENTS FROM THE OFFICE OF THE TOWN MANAGER

Our winter roads account has been depleted down to \$7,000 as of March 19. We felt we asked for and received an adequate amount at Town meeting but it is obvious now that we will not have enough to maintain the account through next December. We appropriated \$7,500 more this year than last as we had been experiencing overdrafts which we wanted to eliminate. With the excessive amount of snow this past winter we find ourselves in the same situation again.

There have been several trees removed from Church Street in the past few weeks. We have been fortunate to be able to combine with the State Highway Dept. and the utility companies on the cost. The Town has had to pay only one third or one quarter, depending on the location, of the total expense, which is considerable on some of these trees due to the proximity of houses, wires and streets.

The West Bethel Water System is to be transferred to the Water District as of April 1. All the billing will be done by the District after that date. The Town will not have jurisdiction over the system subsequently.

SPECIAL SESSION OF S. A. D. 44 DIRECTORS AT TELSTAR MONDAY

The board of directors of S. A. D. 44 will hold a special meeting in the Lecture Hall at Telstar Regional High School at 7:30 next Monday evening, March 29. Announced agenda items include action on nomination of staff personnel and discussion of entire negotiations document.

S. A. D. 44 TEACHERS SEEK RELIEF IN NEGOTIATIONS

The Teachers Association of School Administrative District 44 has petitioned the Maine Labor Commissioner for fact-finding assistance in its negotiations with the M. S. A. D. 44 Board of Directors. The fact-finding panel will consist of three members: one appointed by the Teachers Association, one appointed by the Board of Directors, and the third to be chosen by the first two appointees.

Negotiations have been in progress between the Teachers Association and the Board of Directors since mid-October. Many major issues remain to be resolved. Among these are Personal and Academic Freedom, Teachers Rights, School Calendar, Salaries, Protection of Teachers, Students and Property, and Coaching and Extra Duty Stipends.

To date, many proposals, counter proposals, amendments, and deletions have been made at the negotiating table by both parties. Items pertinent to teacher and student interest remain in contention, however. At a recent Teachers Association meeting the teachers directed its negotiations committee to seek relief from a panel of factfinders if necessary.

Under Maine law the Board has the privilege of joining the Teachers in seeking fact-finding leading to a settlement of difference.

As with other teacher groups with in the state S. A. D. 44 teachers are seeking fair and equitable treatment in their professional efforts under the proposed provisions of the contract.

On March sixteenth spring seemed to stretch her tent upon the waiting hills.

My intentions were to carry my snowshoes, walk down the road a half mile then put them on and go into the land of pussy willows.

All through winter's storms and cold these pussy willows have, swung in cradle beds where they have hung. But now when days are long and bright and our nights are not so long.

Seventh-day Adventist Church
The 12th Sabbath in each quarter is always a "High Day" in all Seventh-day Adventist Churches world wide, when some specific mission field receives the overflow offering for a special project.

On March 27 this offering will help retire World War II battlefield relics in Eastern New Guinea.

The relics are war hats and surplus materials left behind by the Japanese and Australian armies which were placed together to make a Seventh-day Adventist training school near Port Moresby.

The money given will help to rebuild the school and move it from its dusty and stony site to a land well watered and fertile. Then it will be upgraded to a full high school.

During the last eight years young men graduates of the current school have become active evangelists and teachers and have been instrumental in winning scores of the 2,000 members added to the S. D. A. Church each year in New Guinea.

Nearly 150 boarding students are now enrolled in the school. It is hoped the new school will provide for a Christian education to all children in the country. More than 23,000 adults are members of the S. D. A. Church in New Guinea at the present time.

cold you'll see their dresses of all-weather fur have changed to green and gold.

I found them but had to venture on after gathering some to mail to a friend who can not gather them for herself.

The day was warm, the sun high, and the snow shooing good as I made my way through the alders to the hills.

It smelled of these and there was as coarse as gravel in places. The chickadees were calling, bell clear.

Warm winds came prowling down the hillside to meet me on the half hidden alder tangled path.

Beyond this swamp frosted in white were the foothills for which I now set out.

I dipped into deep little valleys covered with moss while above it one single snowy cloud drifted across the azure sky.

Ahead was a grove of pines which I knew I must surely visit. Here I picked a few sprigs and put them among my pussy willows.

The sunshine splashed the openings and I removed my mittens and loosened my coat. It was truly wild and lovely here and the silence pressed on my ears.

Then from the edge of a small pool almost beneath my feet, as silent as the sunshine, appeared the Easter Bunny, big and white. He was as surprised as I. He hopped a few yards then stopped to look and listen. I moved, he did. I spoke to him then he passed from his flight and gazed with eyes so soft and bright. He sat so silently that I snatched his picture; never moving again until I did.

I looked up the hill to see a ledge covered with moss while above it one single snowy cloud drifted across the azure sky.

All the cold and snows of winter seemed to vanish when I saw this bed of green but when I tried to reach it, I realized this wasn't so. The footing was slippery so I took a stick and managed to get a bit of it to add to my pine and pines.

Emerging into an opening I heard then saw "Mr. Hairy" pounding on a tree which fascinated me because of its immense girth and size and spread of its branches.

Far below there was the sound of a passing car.

Now I threaded my way back between the trees through the valley in the heart of the country-side; removed my snowshoes to walk the road home.

Spring was surely in the air with the warmer touch in the sun and the "Preen" of Mr. Hedwing like a silk thread floating through the stillness of the day.

John Mansor, a student in Mrs. Frances Gunther's Grade Eight English Class, wrote the following poem:

War is hate
uncontained, it tears the land
and sucks all life from it.
It leaves behind scars that will
never heal.

War is blood,
Blood that flows from a young soldier's
body. It flows from children who
know
not what happened. Blood flows from
the
land and leaves behind a red from
those who have died.

War is tears,
Tears from a young wife's face as
she
mourns her husband. Tears that
come from all who have seen War.
Tears that tear the mind and that
sear the heart.

War is hell,
A hell so terrible that Satan cringes
and no man alone can conceive. A
hell that burns and consumes all
within its reach.

War is Death,
A Death that all men die. Death that
takes and takes until everything is
stripped. Death is all that many see.

War is
Hate
Blood
Tears
Hell and Death
War takes all!
War leaves nothing!
WAR.

HEINO TO PARTICIPATE IN RUSSIAN EDUCATION TOUR

The study mission for school administrators to Russian will have one educator from Maine, Charles H. Heino, of Boothbay Harbor, superintendent of School Union 48 (Winchester). He was nominated by state educational officials for the study mission, sponsored by the American Association of School Administrators, in cooperation with the Educational Travel Division of the National Education Association.

The mission's purpose will be to study the schools of the Soviet Union, including an examination of the curriculum, the standards of achievement, methods of administrative patterns and administrative techniques. Heino said he expects to visit every phase of education there, from the state day care centers to colleges.

Time will be spent in the cities of Moscow, Leningrad, Tbilisi, Erevan and Kiev.

The tour is scheduled for March 29 to April 19. Upon his return he will be available to speak to groups on his experiences and will have slides and pictures to show.

Mr. Heino was principal of Bethel elementary schools in the early 1960s. He also held a position in the Rumford school system. Previous to the Union 48 post, he was superintendent in Union 29 (Mechanic Falls, Minot and Poland).

March 18, the girls had their father and daughter banquet; they had a flag ceremony and the court of awards; they also played a game called Miss Valerie and sang some songs. — Troop Scribe, Beth Manson.

UPTON

Mrs. Arline Bernier, Corres. - The Ladies Aid met Friday to discuss repair on the roof of the Ladies Aid Building.

Lucille Largesse and family spent the week end in Manchester, N. H.

The Goodrum's visited relatives in Berlin and Gorham over the week end.

A teacher followed a Karl "Marx" in grading her pupils. From his theory of "from each according to his abilities to each according to his need," she added the total grades achieved and divided it among the number of students. Since the A and B students knew they couldn't possibly make it, they slacked off and as a result the entire class failed.

Kathy Bernier stayed overnight Monday with Elizabeth Ham of Errol.

Fred Jenkins went to Farmington Sunday on town business.

Ken Cyphers of Natick, Mass., was in town over the week end.

We had a nasty bit of white rain Friday. Each storm we hope will be the last of the season.

Rev. Louis DeBoer of Townsend, Mass., is staying for an indefinite time at the Bob Charron home.

The Ladies Aid is planning a 7 a. m. Easter Service followed by an Easter breakfast at the L. A. building.

The Bill Taylors of Nashua were at their home here recently.

My mug collection (cups, not faces) is growing slowly. The latest addition is a shot glass with handle, and a large glass beer stein.

Glenn, Helen, Tammy and Marci Abbott were in town Sunday to shovel their roof. Glenn and Helen had just returned from a trip to Florida where they had gone with others to get Vera Abbott. They spoke of the cold weather there, the large numbers of frozen oranges and told of going through an orange processing plant.

LEGION AUXILIARY

Mundt-Alken Unit, No. 81, held their regular meeting Tuesday evening, March 23, at the Legion Hall on Vernon Street.

The business meeting opened in due form with President Lucia Smith presiding. Eight members with four officers were in attendance. The treasurer's and secretary's reports were read and accepted.

Cheryl Wight is the Unit's delegate to Girls' State, and Merry Robertson was chosen alternate. Girls' State banquet will be held at the Congressional Club in South Paris, April 24, at 6:30. Past Girls' Staters are urged to attend.

The report of the Council was given and the next meeting of the Council will be held April 20 at Locke Mills with the Jackson Silver Post and Unit as hosts.

A thank you from Maurice Bouchard was received in appreciation of the remembrance received while he was at the Berlin hospital.

phen Wilson were visitors at Alden Wilson's on Saturday. James Lowe and his father were in South Paris on Tuesday.

Edith Deegan was a visitor at Irene Wilson's on Wednesday.

As if by command the miracle of Spring is now upon us. A heavenly blue opening, through the heavy blanket of Winter, now sings songs of things to come. Of renewal and fresh greens and soft warm colors of the new Spring. Where soon young shoots of Cat-tail and Meadow Rush, from which the Red Winged Black Bird will sway and burst forth with his song of Spring and soon-to-come Summer. If one should peer into the heavenly blue opening he would see the crystal depths of a small brook and looking closer, a small fish, perhaps a Spotted Trout, swimming about to enjoy the warmth once hidden by the icy breath of Winter.

Watch, as everything has its own prescribed pattern. Spring is first hailed by the warmth of the sun now riding higher in the Heavens and the disappearance of the cold while mantle of Winter. The cheery songs of the home coming birds, of Spring flowers and small tender green leaves which will grow and shade us from the furious heat that comes with the summer sun. And then the final display of the leaves when they are at their grandest - in Autumn. Spring is the time of nest building, of young love, and the ultimate rebirth of all growing things

Babara Yates hurt her ankle while skiing Sunday.

Mr. and Mrs. David Fleet were in Berlin, Sunday afternoon.

Mrs. Liz Wight called on Mr. and Mrs. Estes Yates, Sunday.

We were encouraged this week by the way the weather warmed up to 54 and the snow settled a lot, then Saturday morning we woke to a nine inch increase and cooler. It spit

in the great out-of-doors. Spring, like some famous lady, is known for all of these.

Although Springs have come and gone for millions of years, we still welcome it with bated breath, like a young child awaits Christmas. Something that is brand new, and in these perilous times, may never be seen again by the eyes of man.

Just one more thought, think about all the things you like about Spring. Then try to imagine a silent, dead Spring, as envisioned by Rachael Carson. Difficult, isn't it? Think about this, and then do, just one little something to help our much abused environment. Now enjoy this special Spring!

snow several times since with clouds most of the time.

On account of the weather the Sunday River Sunday School will not open on the usual last Sunday in March but we hope that if the weather improves we will open at 9:30 April 1, Easter Sunday morning.

Mr. and Mrs. James Strout of Oxford were dinner guests of the Estes Yates, Sunday.

Russell Yates had Wednesday off from his work and took his parents, Mr. and Mrs. Estes Yates, to visit the Herman Cole's at Bryant Pond.

Gary Yates called on his grandparents, Sunday afternoon.

In the winter of 1968-69 we had 194 inches of snow or 16 ft. 2 in; in 1969-70, 84 1/2 inches, and 1970-71 to date we have had 154 1/2 inches or 12 ft. 10 1/2 inches. No telling how much more we will add.

MOM CALLS IT PNEUMONIA WEATHER

When the weather is either hot or cold we can easily prepare and wear the proper clothing. The dangerous time comes when there can be a drastic change from day to day or even during the course of a day.

Sometimes it is impossible to avoid a cold or cough, no matter how well we are prepared. The most important advice then is not to neglect a cold. If it does not clear up quickly or seems to be getting progressively worse, see your physician. He can most often prescribe a medicine that will get you over it quicker and with less discomfort. This advice particularly is important for the elderly. To them a cough or cold can be more serious.

Due to the increased number of prescriptions and in order to keep up good service, it would be to our mutual advantage, if you would please phone in re-fill prescriptions. — Thank you.

HOME NAMED TO TASK FORCE BY GOV. CURTIS

Early this month Gov. Kenneth Curtis named John R. Howe of Bryant Pond, Department Commander of the American Legion, to the Veterans Job Opportunities Task Force. This group will work to assist the challenges of finding more opportunities for employment, training and education of returning veterans.

Return with students John Trimward and Dana McVillie manning the telescope. A special film featuring Science Teacher of the Year, Jim Fiske, explaining the philosophy and learning procedures utilized in Telstar's physics program was popularly received. Much attention was given to the "physics in play" demonstrations under the direction of Mr. Kersey and Mr. Fiske.

Biology, chemistry, 7th and 8th grade IBCS, Earth Science and Introductory Physical Science demonstrations and experiments seemed to capture the interest and curiosity of the many elementary children as well as adult visitors who attended this most successful evening involving communities and school. Students and teachers alike received many compliments of encouragement.
